

PUBLIC NOTICE

PERMIT APPLICATION: NRS 08.117

APPLICANT: Eric Moseley
S & E Properties
405 Montbrook Lane
Knoxville, Tennessee 37919
865-588-9042

LOCATION: Fort Loudon Reservoir
Knox County
N 35.8861, W -83.9818

WATERSHED DESCRIPTION: Project site is located in Fort Loudon Reservoir, part of the Fort Loudon watershed (HUC# 6010201) which includes parts of Blount, Knox, Sevier, and Loudon counties. Land use surrounding the reservoir includes large urbanized areas, forested slopes, and upland shrub land. The reservoir has been assessed as supporting the following uses: water supply, fish & aquatic life, irrigation, and livestock watering. Fort Loudon Reservoir has been listed on the 2008 303d list for polychlorinated biphenyl (PCB) contamination.

More information available at:

<http://www.state.tn.us/environment/wpc/ppo/arap>.

PROJECT DESCRIPTION: Applicant proposes to dredge an approximately 60' X 350' area totaling approximately 1,200 cubic yards of fill material to provide for future access to private boat docks. Fill material would be excavated from a barge; during excavation sediment curtains will be employed. Excavated material will be temporarily offloaded on shore for dewatering, erosion and sediment controls will be utilized during dewatering. After dewatering the fill will be transported upland for permanent storage.

In accordance with the Tennessee Antidegradation Statement (Rule 1200-4-3-.06), the division has determined that the proposed activity will not result in degradation to water quality.

USGS TOPOGRAPHIC QUADRANGLE: Knoxville

PERMIT COORDINATOR: Benjamin Brown

No decision has been made whether to issue or deny this permit. The purpose of this notice is to inform interested parties of this permit application and to ask for comments and information necessary to determine possible impacts to water quality. Persons wishing to comment on the proposal are invited to submit written comments to the department. Written comments must be received within **thirty days of the date that this notice is posted**. Comments will become part of the record and will be considered in the final decision. The applicant's name and permit number should be referenced.

Interested persons may also request in writing that the department hold a public hearing on this application. The request must be filed within the comment period, indicate the interest of the person requesting it, the reasons that the hearing is warranted, and the water quality issues being raised. When there is sufficient public interest in water quality issues, the department will hold a public hearing.

The permit application, supporting documentation including detailed plans and maps, and related comments are available at the department's address for review and/or copying. The department's address is:

Tennessee Department of Environment & Conservation
Division of Water Pollution Control, Natural Resources Section
7th Floor L & C Annex
401 Church Street
Nashville, TN 37243

In deciding whether to issue or deny a permit, the department will consider all comments on record and the requirements of applicable federal and state laws.
